# INDEX TO VOL. XX (B)

## AUTHORS' INDEX

Asthana, R. P. .. Aspergillosis in Fowls, 43.

Banerji, I., and Dutt, M. K. The development of female gametophyte in some members of euphorbiaceæ, 51.

Bhalerao, G. D. .. *See* Inamdar and Bhalerao.

Bhalerao, G. D., and Rao, N. S. Krishna — Some helminth parasites of poultry, 30.

Bhimachar, B. S., David, Augustine, and Muniyappa, B. — Observations on the acclimatisation, nesting habits and early development of *Osphronemus gorami* (Lacépède), 88.

Chakravarty, Mukund-Murari, and Kar, Amiya Bhushan — Studies on the coccidia of Indian birds, II, 102.

Chowdhury, S. .. Diseases of *Pan* (*piper betle*) in Sylhet, Assam, Part IV, 229.

David, Augustine .. *See* Bhimachar and others.

Dorasami, L. S., and Gopinath, D. M. — Vine chilly—A comparative morphological and cytological study, 40.

Dutt, M. K. .. *See* Banerji and Dutt.

Gopinath, D. M. .. *See* Dorasami and Gopinath.
Gametogenesis and embryogeny in a few members of the araliaceæ, 175.

Hiriyannaiya, S. .. *See* Srikantia and others.

Hussain, Amjad .. *See* Khan and Hussain.

Inamdar, N. B., and Bhalerao, G. D. — On the occurrence of *Psilochasmus longicirratus* Skrjabin, 1913, in *Nyroca ferina* in India, 48.

Kantiengar, N. L. .. *See* Srikantia and others.

Kar, Amiya Bhushan .. *See* Chakravatry and Kar.

Kaw, B. L. .. Studies on the helminth parasites of Kashmir, Part III, 72.

Khan, Hamid and Hussain, Amjad — The weight-length relationship of *Labeo rohita* (Hamilton) and *Cirrhina mrigala* (Hamilton), 224.

Mathur, Prahlad Narain — The anatomy of the reptilian heart, 1.

Muniyappa, B. .. *See* Bhimachar and others, 88.

Narayana, B., and Singh, Inderjit — Indirect stimulation of unstriated muscle. A preliminary communication, 192.

Nath, B. Viswa .. *See* Pal and Nath.

Pal, B. P., and Nath, B. Viswa — The accumulation and movement of nicotine in reciprocal grafts between tobacco and tomato plants, 79.

Pichamuthu, C. S. .. On the relationship of rhodusite to glaucophane, 205.

Prabhu, S. S. .. Thorax ($T_h$)—An autosomal gene in *Drosophila pseudo-obscura*, 219.

Rao, N. S. Krishna .. *See* Bhalerao and Rao.

Rode, K. P. .. On the submarine volcanic origin of rock-salt deposits, 130.

Roonwal, M. L. .. Some observations on the breeding biology and on the swelling, weight, water-content and embryonic movements in the developing eggs, of the moluccan king-crab, *tachypleus gigas* (Müller) (Arthropoda xiphosura), 115.

Samuel, Miss Mary .. Studies on the corpus luteum in *Enhydrina schistosa* (Daudin) and *Hydrophis cyanocinctus* (Daudin) of the Madras coast, 143.

Singh, Inderjit .. *See* Narayana and Singh.

Excitation in unstriated muscle, 195.

The swelling of unstriated muscle produced by certain ions and its relation to permeability, excitability, absorption and secretion, 209.

Srikantia, C., Hiriyannaiya, S., and Kantiengar, N. L. — A study in gastric function, Gastric analysis of 100 Mysore students, 245.

Swamy, B. G. L. .. A preliminary note on the embryology of *Casuarina equisetifolia*, Forst, 187.

Vaidya, V. G., and Walkade, S. N. — The dry and wet method of planting sugarcane and the study of seasonal cycles of some chemical constituents in relation to them, 61.

Walkade, S. N. .. *See* Vaidya and Walkade.

## TITLE INDEX

Araliaceæ, a few members, gametogenesis and embryogeny (Gopinath), 175.
Asperigllosis in fowls (Asthana), 43.

Birds, Indian, studies on the coccidia, II (Chakravarty and Kar), 102.

*Casuarina equisetifolia*, Forst, a preliminary note on the embryology (Swamy), 187.

*Enhydrina schistosa* (Daudin) and *hydrophis cyanocinctus* (Daudin) E. of the Madras coast, studies on the corpus luteum (Samuel), 143.

Gametophyte, female, development, in some members of the Euphorbiaceæ (Banerji and Dutt), 51.
Gastric function, a study. Gastric analysis of 100 Mysore students (Srikantia and others), 245.

*Labeo rohita* (Hamilton) and *Cirrhina mrigala* (Hamilton), the weight-length relationship (Khan and Hussain), 224.

Muscle, unstriated, excitation (Singh), 195.
Muscle, unstriated, indirect stimulation. A preliminary communication (Narayana and Singh), 192.
Muscle, unstriated, the swelling, produced by certain ions and its relation to permeability, excitability, absorption and secretion (Singh), 209.

Nicotine, the accumulation and movement, in reciprocal grafts between tobacco and tomato plants (Pal and Nath), 79.

*Osphronemus gorami* (Lacépède), acclimatisation, nesting habits and early development, observations (Bhimachar and others), 88.

*Pan* (*Piper betle*), diseases, in Sylhet, Assam, IV (Chowdhury), 229.
Parasites, helminth, of Kashmir, Studies, III (Kaw), 72.
Parasites, helminth, some, of poultry (Bhalerao and Rao), 30.
*Psilochasmus longicirratus* Skrjabin, 1913, on the occurrence, in *Nyroca ferina* in India (Inamdar and Bhalerao), 48.

Reptilian heart, the anatomy, I (Mathur), 1.
Rhodusite, on the relationship, to glaucophane (Pichamuthu), 205.
Rock-salt deposits, on the submarine volcanic origin (Rode), 130.

Sugarcane, planting, the dry and wet method, and the study of seasonal cycles of some chemical constituents in relation to them (Vaidya and Walkade), 61.

*Tachypleus gigas* (Müller) (Arthropoda, xiphosura), Mollucan king-crab, some observations on the breeding biology, and on the sewlling, weight, water-content and embryonic movements in the developing, eggs, (Roonwal), 115.
Thorax ($T_h$.)—an autosomal gene in *drosophila pseudo-obscura* (Prabhu), 219.

Vine chilly—a comparative morphological and cytological study (Dorasami and Gopinath), 40.
